

COM814 Project – Final Marking Sheet 2015-16

Student:

Sean Og O'Hara

Date:

5/09/2016

Examiner:

Aiden McCaughey

2nd Marker

Areas	Criteria	Excellent	Good	Satisfactory	Borderline	Fail	N/A	Commentary	
28	From Dissertation								
	• problem definition / requirements specification			X				<p>Made a play on lack of 'Ice Hockey' specific application, however specification had only 3 functional reqs and none seem hockey specific.</p> <p>Use of questionnaire did not help generate real requirements.</p> <p>Basic functionality. Database not normalised.</p>	
	• systematic approach to development		X						
	• testing process documented			x					
	From Demonstration								
	• robustness of software		X						
	• range of functionality			X					
	• data validation				X				
	• usability of HCI			X					
	• consistency with stated functionality of software		X						
	• understanding of software features		X						
From Viva									
• understanding of software technology used			X						
• understanding of software features implemented		X							
14	From Dissertation								
	• documentation structure and completeness		X					<p>Report was well structured</p> <p>Student adequately demonstrated the basic functionality available in the project</p>	
	• readability		X						
	From Demonstration								
	• organized and structured		X						
	• response to questions		X						
	From Viva								
• composure & coherence		X							
• response to questions		X							
12	From Dissertation								
	• justification for decisions made throughout project		x					<p>The student was aware of the project limitations. Commented that he was unable to solve a number of issues</p>	
	• awareness of related work & technologies		x						
	• thoroughness of evaluation process		x						
	From Viva								
	• ability to discuss limitations of work								
• discuss potential improvements									

Areas	Criteria	Excellent	Good	Satisfactory	Borderline	Fail	N/A	Commentary
Professional Engagement (10%) <div style="border: 1px solid black; width: 40px; height: 40px; margin: 0 auto; text-align: center; line-height: 40px;">6</div>	From Supervisor							
	• took initiative as appropriate							
	• met regularly with supervisor							
	• responded to suggestions							
	• kept satisfactory project log							
Total (100%) <div style="border: 1px solid black; width: 40px; height: 40px; margin: 0 auto; text-align: center; line-height: 40px;">60</div>	Agreed Total <div style="border: 1px solid black; width: 40px; height: 40px; margin: 0 auto; text-align: center; line-height: 40px;">62</div>	Scaled (70%) <div style="border: 1px solid black; width: 40px; height: 40px; margin: 0 auto; text-align: center; line-height: 40px;">43</div>		Earlier Components (30%) <div style="border: 1px solid black; width: 40px; height: 40px; margin: 0 auto; text-align: center; line-height: 40px;"></div>			Overall Mark <div style="border: 1px solid black; width: 40px; height: 40px; margin: 0 auto; text-align: center; line-height: 40px;"></div>	
Overall Comments Overall a reasonable project – with some limitations but those were well understood by the student.
